SUPPLEMENTAL RESPONSE

Honorable Commissioner for Patents
Washington, D.C. 20231

Sir:

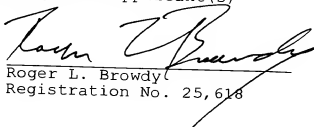

This will supplement applicants' main response to the official action of October 23, 2002, which was filed on February 24, 2003.

In applicants' response of February 24, 2003, non-certified courtesy copies of the priority documents in this case were attached for the examiner's convenience. It has been noted that the photocopy of Israeli application 112692 as submitted on February 24, 2003, was incomplete, i.e., the figures were missing. Attached hereto is a new certified copy of Israeli priority document 112692. It is in the English language so that the examiner can readily determine the present claims are entitled to the effective filing date of this application.

Respectfully submitted,
